

SUB-DOṢA PULSE

- 3rd level
- Represents the qualitative functioning of the doṣas
- Does not imply doṣa vṛddhi but may promote quantitative increase
- Force or strength of spike denotes degree of imbalance
- 5-sub-types denoted on the respective doṣa finger tip
- Movement of doṣic matter determined by vata sub-type disturbed
- Balanced Condition: 3 separate non-local spikes (one under each finger tip)
